

THE PREMIER BRAND OF TAMPER EVIDENT SECURITY PRODUCTS

CD SECURITY

CD cases are easily and cost effectively sealed by the simple application of a Dual Layer Label Lock™ security seal to prevent unauthorized opening and so reduce shrinkage.

No Residue Label Lock™ security labels and special covert (100% clear) Label Lock™ seals are also available to seal CD cases.

Fraudulent 'returns' and copying are effectively tackled, with no tacky residue left.

Each innovative and cost-effective CD security label may be uniquely numbered to prevent fraudulent replacement and allows each label to be logged.
